Foliage in Hazy Light

\$5 040.00

Hazy Light in Thoreau's Cove - 20" x 30"

Full of color and light, this half abstract-half landscape is Beatrice at his finest. The hazy morning light at the cove at Walden Pond pours luminosity out into the viewer eyes. The subject becomes 3 dimensional as it comes out of the frame into the room. This is a must see painting. A favorite of the gallery.
